4 HOW TO GET TO ACUASKI

4.1 By air

Nearest airport is:

Mexico City International (MEX)

Probably new airport in Cuernavaca could also become an option.

4.2 By car

From Mexico City:

Take the Autopista del Sol (Mexico-Acapulco). Crossing Cuernavaca and continue on the same highway. Exit right at the Alpuyeca-Jojutla Toll Plaza and continue towards Xoxocotla. When you reach the "Y" (security module and OXXO convenience store)

dividing the road, take the right path (to Tequesquitengo). About half a mile down, there is a long wall and at the end that says "Acuaski".

4.3 Official Airport Shuttles/ By bus:

We have 3 options for the shuttles

a. Bus airport - hotel in tequesquitengo US\$ 15

This option needs a special organization and we will have a person on the airport. To offer this service is important to us to have the flights informatios and the confirmation that you need the service at the latest on October 1 to arrange special departures time. In this service the capacity is 35 passangers so maybe some of you could reach the others passengers for a few minutes. Finally consider a tax paid by having buses within the airport so we ask for your cooperation

b. Van airport - hotel in tequesquitengo US\$ 18

This service is similar to the bus but this is in a Mercedes Benz Van with capacity just for 15 passengers. In this case also we need the flight information and the confirmation of the service at the latest on October 1 to arrange special departures time

c. Bus to cuernavaca – Cuernavaca to tequesquitengo US\$ 20

This is usig the regular services of Pullman de Morelos. It If you don't want a special service or you have a delay in your flights you could take the ordinary service with pullman de morelos (see bellow the departures times) and then we could offer a service to bring you to the la selva station to hotel in tequesquitengo

8.10 Doping control

According to with the IWWF anti-Doping Rules, Doping controls will be conducted during the competition. By entering this competition, all athletes agree to be subject to doping control.

Information about the IWWF Anti-Doping program, the current IWWF AD Rules and links to the list of banned substances can be found on iwwfed.com by clicking the Anti-Doping Information link at the top of the menu on the left sidebar of the homepage.

Due to continuing concerns over contaminated meat in certain parts of the world, the World Anti-Doping Agency (WADA) has re-emphasized the need for athletes to exercise extreme caution with regards to eating meat when traveling to competitions in Mexico. It has been shown that Mexico has a serious problem with meat contaminated with the prohibited substance clenbuterol, and WADA's message to athletes competing in these countries remains the same: eat only in restaurants and cafeterias that have been approved by the event organizer.

IWWF is currently working with the Mexican Federation to try to ensure that there is advice on where and where not to eat during the Championships. Eating no meat, or less meat is certainly a good idea.

Please have your Passports all the time with you or with the team captain.
